## Convocation at Carleton University

The Convocation ceremony (the calling together of the academic assembly) has its roots in university traditions of medieval Europe.

### The Mace

The mace is a staff symbolizing authority. In the days of knighthood, it was a weapon, but after the 16th century it became solely a symbol of authority carried by a distinguished member of an assembly. It is used on ceremonial occasions to signify the right of an individual or institution to perform a certain function—in the case of universities, to grant degrees.

At Convocation, the mace is carried ahead of the Chancellor as he enters and leaves each ceremony. (Marshal of Convocation H.H.J. Nesbitt has performed this function for all but one of the University's Convocations.) During the ceremony the mace is displayed on a special stand as an embodiment of the authority of the University.

Carleton's mace was presented to the University in 1976 as a gift from the Chairman of the Board of Governors at that time, Mr. Hyman Soloway. It is a silver-plated staff approximately three feet long. At the upper end there is a bowl marked with the University's coat of arms and the University motto in both Latin and English—"Opera Nobis Aeterna" and "Ours the Task Eternal." From the upper portion of the bowl rises a phoenix. Traditional oak leaves surround the lower end of the staff.

### Coat of Arms

Carleton University's coat of arms is described in heraldic terms as follows: "On a field sable; in radiants d'argent, a maple leaf gules charged with an open book; crest—a phoenix propre." It is comprised of a black shield bearing an open book on a red maple leaf surrounded by silver rays. The shield is surmounted by a phoenix, and below the shield is a scroll bearing the motto "Ours the Task Eternal."

The open book on the maple leaf signifies that Carleton University is in the nation's capital and that learning is open to all who wish to partake of it. The radiants are the light of learning. The phoenix, the legendary eternal bird, symbolizes the renewing of learning from older foundations, in recognition of Henry Marshall Tory's role in the founding of the University when he was 82 years old. "Ours the Task Eternal" is taken from a Walt Whitman poem entitled "Pioneers" and ties in with the eternal quality of the phoenix.

And so, the Carleton University coat of arms symbolizes sound learning, good citizenship, and the highest hopes of humanity.

### The Diploma

The diploma the graduates receive at Convocation is the certificate of qualification which publishes the fact that the student has fulfilled all the requirements and completed the prescribed course of study for the degree. As the senior academic legislative body of the University, it is the Senate which has determined whether the requirements have been met. The signatures of both the Chancellor and the President of the University appear on the diploma: the Chancellor because of his role in conferring the degree, and the President who, as Chairman of Senate, certifies that Senate has enacted the required motion to award the degree. The Seal of the University is affixed to the diploma as a mark of authentication.

### Academic Dress

The academic dress of Carleton University is a compromise between that found in the ancient foundations of Britain and Canada and the American Intercollegiate Code. All three hoods—bachelor's, master's, and doctor's—are of the simple or Oxford shape. Bachelor's is made of black stuff; master's and doctor's are made of black silk and all are lined with silver silk with two chevrons, one of red and one of black. From bachelor's to doctor's the hoods are progressively longer and opened to show more and more of the lining.

The velvet border of the hoods denotes the degrees granted according to the following colour combinations: architecture is cerise; arts is white; commerce is camel brown; computer science is royal blue; engineering is orange; industrial design is dark cardinal; journalism is white with a black cord sewn slightly in from the lower border; management studies is camel brown with a black cord sewn slightly in from the lower border; music is venetian pink; public administration is peacock blue; science is golden yellow; social work is cream; and doctor of philosophy is purple.

The bachelor's gown, to be worn with the above hoods, is of full length, made of black stuff, with a gathered yolk behind, and long open-fronted sleeves. The master's gown is of full style, made of black silk or rayon, with full gathered yolk behind, and closed sleeves with an opening at the elbows. The doctoral gown is the same style as the master's, made of fine royal blue cloth with facings of light blue silk.

The gown of the Honorary Doctor of Laws, Literature, Science, and Engineering is a full robe with bell-shaped sleeves, made of fine royal blue cloth with facings and sleeves in light blue silk. The hood is made of the same material as the gown, has the same lining as that for degrees by examination, and is bordered with dark mauve for the degree Doctor of Laws; vibrant blue for the degree Doctor of Literature; red for the degree Doctor of Science; and orange for the degree Doctor of Engineering.

## O Canada

O Canada! Our home and native land!  
True patriot love in all thy sons command.  
With glowing hearts we see thee rise,  
The True North strong and free!  
From far and wide, O Canada,  
We stand on guard for thee.  
God keep our land glorious and free!  
O Canada, we stand on guard for thee.  
O Canada, we stand on guard for thee.

## Installation of the President and Vice-Chancellor

### Robin H. Farquhar, M.A., Ph.D., F.C.C.E.A.

Dr. Robin H. Farquhar will be installed as Carleton University's seventh President and Vice-Chancellor at the morning Convocation ceremony, November 19, 1989.

Robin Farquhar was born in Victoria, British Columbia in 1938. He took his Bachelor of Arts (Honours, 1960) and Master of Arts (1964) in English at the University of British Columbia, and his Ph.D. (1967) in educational administration at the University of Chicago.

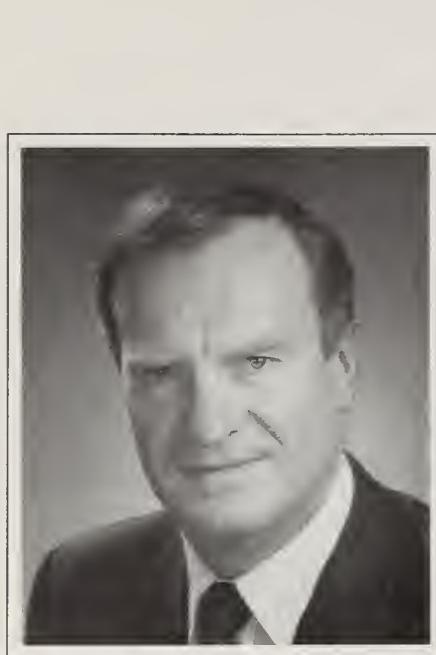

He began his career as a high school teacher and counsellor in Sooke, British Columbia in 1962. He later served as Associate Director and then Deputy Director of the University Council for Educational Administration while holding an associate professorship at Ohio State University. Dr. Farquhar returned to Canada in 1971 to take up a post as Chair of the Department of Educational Administration at the Ontario Institute for Studies in Education (OISE) and a professorship in the School of Graduate Studies at the University of Toronto. He later served as the Assistant Director of OISE. From 1976 to 1981, he was Professor and Dean of Education at the University of Saskatchewan. And then for eight years, he served as Professor, President, and Vice-Chancellor of the University of Winnipeg, from 1981 until his appointment to Carleton University.

Dr. Farquhar is a former President of the Canadian Society for the Study of Education and of the Commonwealth Council for Educational Administration. He has served as Director of the Canadian Education Association, the Inter-American Society for Educational Administration, and the National Academy of School Executives in the United States. He was the only Canadian on the U.S. National Commission for Excellence in Educational Administration (1985-1987) and has been designated a Fellow of the Commonwealth Council for Educational Administration.

Dr. Farquhar has been active in the work of the Association of Universities and Colleges of Canada. He has served as a consultant and speaker across Canada and in numerous other countries, and has published widely in the fields of comparative administration, higher education administration, the professional preparation of educational leaders and the novels of Ernest Hemingway.

His community leadership includes service as Campaign Chair for the United Way of Winnipeg (1985) and as Corporate Secretary of the Winnipeg Symphony Orchestra.

Dr. Farquhar and his wife, Fran, a teacher and artist from Calgary, have three daughters, Francine, Kathy, and Susan.

### William E. Beckel, B.A., M.Sc., Ph.D., D.U.

Dr. William E. Beckel, former President and Vice-Chancellor of Carleton University, is being awarded the degree of Doctor of Laws, *honoris causa*, at the afternoon Convocation ceremony on November 19, 1989, "in recognition of a distinguished contribution to the growth and development of the University system in Canada and, more particularly, of the leadership provided with imagination and foresight to Carleton University in the position of President and Vice-Chancellor."

William Beckel was born in Kingston, Ontario in 1926. After undergraduate studies at Queen's University, he earned a Master of Science degree from the State University of Iowa in 1953 and a doctorate from Cornell University in 1955. While at Cornell, he held the Allied Dye and Chemical Fellowship in Entomology. A year later, in 1956, he was named assistant professor in the Department of Zoology at the University of Toronto. In 1964, he became a full Professor of Zoology and Dean of Science at Scarborough College, University of Toronto. In 1968, he was appointed Vice-President (Academic and Finance) at the University of Lethbridge in Alberta – a position he held for four years. Dr. Beckel then served as President and Vice-Chancellor of the University of Lethbridge until his appointment, in 1979, as Carleton University's sixth President and Vice-Chancellor.

Dr. Beckel is a former member of the Board of the Alberta Human Resources Research Council. In 1970, he was appointed Chair of the Alberta Universities Co-ordinating Council Committee to Study University-Government Relations. That same year, he chaired the Alberta Universities Commission Steering Committee on Academic Master Planning as well as the Association of Universities and Colleges of Canada's Policy Committee on New Learning Media. In 1974, he was elected Chair of the Council of Western Canadian University Presidents. Dr. Beckel became a member of the Ottawa Valley Education Liaison Council in 1979 (which he chaired in 1986) and, in 1982, was named to the Executive of the Council of Ontario Universities. In 1987, he became a member of the City of Ottawa Biotechnology Committee. Dr. Beckel is a member and officer of several professional organizations, including the Canadian Society of Zoologists, the Canadian Society of Cell Biologists, and the American Zoological Society. He is the author of over 50 publications for professional journals.

In June, 1989, Dr. Beckel received an honorary Doctor of the University from Carleton's sister institution, the University of Ottawa.

Since leaving Carleton last June, Dr. Beckel is enjoying retirement with his wife, Dorothy, in Vancouver, British Columbia.

Each year, Carleton University awards up to 650 entrance and in-course scholarships to undergraduate students who have demonstrated a high potential for academic achievement. These awards provide monetary incentives (a yearly total of \$605,000) to attract and recognize academic excellence. Awards range from \$50 to Carleton's prestigious "Chancellor's Scholarship," valued at \$16,000.
